

NOVEMBER 2018 – AN ENCOURAGING WORD

Coordinator News:

Most of the Bible Clubs are up and running with clubs ranging from ten students to well over 100 students in attendance each week. We've had several new volunteers come forward willing to help with the clubs and we are very grateful for them and all volunteers. We are currently in need of a teacher sponsor for our North County Parkside Bible Club. This is one of our largest clubs and the teacher sponsor for the club is unable to participate this school year. Please spread the word of this need as this club is one that has over 100 students in attendance each week.

Our mentoring program is expanding into another new area this year. This week new mentors started meeting with students at the Kingston Elementary School.

Skate Park News:

The Skate Park Bible Club kids were given an opportunity to learn about missions again and packed another 20 Christmas Shoeboxes. While packing these boxes they were given information about the extent of where the boxes they pack might go and the impact they could have.

Still Needed: Metal folding chairs. If you have some not in use, please keep us in mind.

As always, thank you for your continued support of YFC
